

Application No.: 10/678,587

Docket No.: JCLA5547-CA

**IN THE SPECIFICATIONS**

Please amend the paragraph which begins at line 11, page 2 as follows:

-- In the last row of Figure 1, that is, the row comprises the data segment 130, there is an error detection code (EDC) 132 with a length of 4 bytes. This error detection code 132118 is obtained according to the data of 2060 bytes stored in the ID 102, the IDEC 104, the CPR\_MAI 106 and the main data segments 108 to 130. Therefore, the total length of a data sector is 2064 bytes.--
